Many people are afraid of germs. Few people are afraid of germs. Yet the germ is a fact. The germ could be magnified to a size equal to its terror. It would appear more terrible than any fire-breathing dragon. Germs can't be avoided. They are in the air we breathe, the water we drink. The germ can only prosper when the condition of the system gives it free scope to establish itself and develop. When there is a deficiency of vital force, languor, restlessness, a hollow cheek, a hollow eye, when the appetite is poor and the sleep is broken, it is time to guard against the germ. You can fortify the body against all germs by the use of Dr. Pierce's Golden Medical Discovery. It increases the vital power, cleanses the system of clogging impurities, enriches the blood, puts the stomach and organs of digestion and nutrition in working condition, so that the germ finds no weak or tainted spot in which to breed. "Golden Medical Discovery" contains no alcohol, whiskey or other intoxicant.

"Your 'Golden Medical Discovery' is a sick man's friend," writes Geo. N. Turner, Esq., (Ex. Financial Secretary International Brotherhood of Teamsters), 226 California Street, Denver, Colo. "For the past seven years my health gradually failed. I lost my appetite, became nervous and debilitated, very despondent and unable to sleep. No medicine helped me until I tried Dr. Pierce's Golden Medical Discovery. It put new life into my veins and increased vitality until I could once more enjoy life and attend to my business. Eight bottles effected a complete cure and I am now a healthy man." Dr. Pierce's Pills—only one or two a day will regulate and cleanse and invigorate a foul, bad stomach, torpid liver or sluggish bowels.

A FACT PROVEN.
Should Convince Even the Most Skeptical of Its Truth.
If there is the slightest doubt in the minds of any that Dandruff germs do not exist, their belief is compelled by the fact that a rabbit inoculated with the germs became bald in six weeks' time. It must be apparent to any person therefore that the only prevention of baldness is the destruction of the germ—which act is successfully accomplished in one hundred per cent. of cases by the application of Newb's Herpicide. Dandruff is caused by the same germ which causes baldness and can be prevented with the same remedy—Newb's Herpicide. Accept no substitute. "Dandruff the cause you remove the effect."
Sold by leading druggists. Send 10c. in stamps for sample to The Herpicide Co., Detroit, Mich.

WEAK HEART'S

are caused by indigestion. If you eat a little too much, or if you are subject to attacks of indigestion, you have no doubt had shortness of breath, rapid heart beats, heartburn or palpitation of the stomach to expand—swell, and puff up against the heart. This crowds the heart and interferes with its action, and in the course of time the heart becomes diseased.

Kodol
Dyspepsia Cure

digests what you eat, takes the strain off of the heart, and contributes nourishment, strength and health to every organ of the body. Cures indigestion, dyspepsia, sour stomach, inflammation of the mucous membranes lining the stomach and digestive tract, nervous dyspepsia and catarrh of the stomach.

After eating, my food would distress me by making my heart palpitate and I would become very weak. Finally I got a bottle of Kodol and it gave me immediate relief. After using a few bottles I am cured.
MRS. LORING NICHOLS, Penn Yan, N. Y.

I had stomach trouble and was in a bad state as I had heart trouble with it. I took Kodol Dyspepsia Cure for about four months and it cured me.

A GLOOMY FORECAST.

The speech delivered by M. Ivenoff, the celebrated Russian lawyer, at the trial of Kaleiff, the murderer of the Grand Duke of St. Petersburg, has caused considerable discussion. The proceeding was before a special tribunal, composed of members of the "Ruling Senate," and was held behind closed doors at Moscow. Ivenoff was subsequently arrested for discussing the trial at a meeting of barristers. His speech has been circulated by hundreds of thousands by the social revolutionaries.

Among other things M. Ivenoff said: "An unrestrained political movement as a result of the complete bankruptcy of our present economic, political and military systems has produced the present condition of affairs in Russia. Every section of the empire is in revolt, workmen have perished by hundreds in the streets of the capital. In the smoke of burning estates the peasant is looking for a solution of the conditions which are grinding him down. Two great forces are at war; the old regime, established centuries ago, and young Russia, which aspires to liberty. Hope that this struggle can end peacefully is lost. Civil war is close at hand, and in the history of this great battle the social revolutionary party will be found to have written the most striking and terrible page, for it has written it in its own blood and the blood of those whom it considers the enemies of the people. Having chosen political murder as an instrument, the revolver and the bomb as arms, the social revolutionaries seek by terror to accelerate the political liberation of Russia. But it is not cowardly murder. The social revolutionaries understand very well that it is impossible for the masses of the people with pitchforks and fists in their hands to destroy the battle, defended as it is in our time. January 22, with its bloody story, furnished eloquent confirmation of the impotency of the people against bayonets and bullets. The social revolutionaries can only oppose machine guns with revolvers and bombs—the barricades of the twentieth century. It is true they are the implacable enemies of the present regime, and they face death sentences as men court death on the field of battle. The procurer is right. They do not only menace the lives of others, but they throw away their own lives with the recklessness of madness. They make others perish, but they perish themselves. Kaleiff will die also and I have only one request to make of you: Do not look upon him as a criminal, but as an enemy after the battle, and in pronouncing your verdict remember that in the future the bloody sunrise of which is already upon the horizon, all the past will be weighed in the balance. Do not make that balance too heavy; it already contains enough of blood."

MANIA ON WAR PATH.

After holding one thousand persons at bay for two hours in Eddy street, San Francisco, early yesterday, shooting nine people and defying the police, Thomas Lob, a maniac, killed himself.

The insane man was barricaded in his room, on the fourth floor of the United States Hotel, 122 Eddy street.

Lobb went to the hotel Tuesday night. Yesterday morning he began throwing furniture from the windows to the street. Several persons narrowly escaped being struck. He then began firing, using a shotgun. He placed \$50 and \$100 bills in the muzzle of the weapon, and fragments of the paper were scattered over the street. A big crowd quickly gathered. Hundreds of men were afraid to pass the hotel. Street car traffic was entirely suspended after one car had been fired upon and its windows broken.

Policeman Green rushed a squad of police to the scene, among the officers being five members of the crack rifle team of the department. They were unable to accomplish anything, however, as the maniac was strongly entrenched in his room and appeared to have an unlimited amount of ammunition.

It was determined that he must be captured dead or alive, and all the rooms adjoining the one he occupied were filled with armed officers. A lively fusillade was begun through the door, transom and walls of the madman's stronghold, to which he replied with remarkable rapidity. The plaster was scattered from the ceiling and walls, and the police were soon covered with the white flakes and nearly blinded by the lime. Officer Kasane attempted to peer through the transom, when he received a charge of shot which disfigured his face and completely riddled his helmet. Then Officer Hutchins descended from the roof to the room window, while the other policemen made an attack in force on the door. When Hutchins saw the maniac's attention was diverted he gave a prearranged signal by firing his revolver. Hearing the report from an unexpected quarter, the murderous lunatic rushed to the window which was open and literally blew off the top of his own head. The brains and fragments of skull flew through the air into the street, to the horror of thousands of spectators who had assembled in the neighborhood, which is near the heart of the city.

Thomas Lob was about 23 years old.

He apparently was an Englishman and a stranger in San Francisco. In his pocket was a card bearing the address of the British consul general and a receipt for baggage, showing that he was a recent arrival in San Francisco.

Furious Fighting.
"For seven years," writes Geo. W. Hoffman, of Harper, Wash., "I had a bitter battle, with chronic stomach and liver trouble, but at last I won and by the use of Electric Bitters. In unhesitatingly recommended them to all, and don't intend in the future to be without them in the house. They are certainly a wonderful medicine to have cured such a bad case as mine." Sold, under guarantee to do the same for you, by E. S. Leadbeater & Sons, druggist, at 50c. a bottle. Try them today.

Quality vs. Quantity.
Hard muscles and strong body do not depend on the quantity of food you eat, but on its perfect digestion and proper assimilation. When you take Kodol Dyspepsia Cure your system gets all the nourishment out of all the food you eat. It digests what you eat regardless of the condition of the stomach and conveys the nutrient properties to the blood and tissues. This builds up and strengthens the entire system. Kodol cures indigestion, dyspepsia, belching, sour stomach, weak heart, etc. Sold by W. F. Creighton, 401 King street, and corner Queen and Patrick streets.
